

Dear community member,

First of all, we would like to thank the community for its support of our recent referendum projects, which include the renovation of our high school athletic facilities and construction of a new performing arts center.

We have reached out to many businesses requesting a meeting to discuss ways to partner with our school district as well as share sponsorship/naming rights opportunities. I have met with a number of businesses already who are considering naming rights/sponsorship opportunities and look forward to meeting with many more!
